

### 8 Wipeout

Ball must bounce within the enclosed boundaries, wiping out opponent's boxes as it passes. Points are given to the player who last hits, making it imperative to intercept the ball to win points for the subsequent wipeout.

### 9. Combat Wipeout

A central barrier is in position to enable player to wipe out the boxes and get score while keeping his ball within the boundaries of his side. Should the ball leave his territory, his opponent is allowed to play and get score.

## CT-806 WIPEOUT

SIX GAMES requiring combat strategy and skill as you and your opponent battle it out to be the first to wipe out as many boxes or blocks as possible without letting the ball leave the playing field. A steady hand and successful maneuvering under pressure is needed to score big in these games.
